Fund Objective

The investment objectives of the 5 Lifestyle Portfolios are to achieve medium to long term capital appreciation for the investor. The investment policies for the GreatLink Lifestyle Secure Portfolio, GreatLink Lifestyle Steady Portfolio, GreatLink Lifestyle Balanced Portfolio, and GreatLink Lifestyle Progressive Portfolio are to invest the assets of each of these Lifestyle Portfolios in equities and bonds in the proportion of approximately 20:80, 40:60, 60:40, 80:20 respectively. The investment policy for GreatLink Lifestyle Dynamic Portfolio is to invest the assets only in equities (or in one or more different mutual fund(s) and unit trust(s) reflecting an underlying investment in equities). A separate portfolio account is maintained for each Lifestyle Portfolio which is invested in accordance with the investment objective applicable to the Lifestyle Portfolio to which such portfolio relates.

Each individual Lifestyle Portfolio is invested in some of the underlying GreatLink Funds as shown in the table below. However, the asset proportion may vary, depending on market conditions.
